STATEMENT OF SUBSTANCE OF INTERVIEW

Sir:

This Statement of Substance of Interview is being submitted in the above-identified application. A telephonic interview was conducted on 18 August 2009, between Examiner Ghali, and Mary Champion, applicant, and applicant's attorney, Frank J. Uxa.

The present claims were discussed. Applicant's attorney attempted to clarify the claims.

The reference discussed included Patterson U.S. Patent Publication No. 2003/0176904. Applicant's attorney noted that the present claims distinguished over Patterson and the other cited documents, for example, for reasons set forth in the AMENDMENT filed June 26, 2009.

The Examiner and applicant's attorney did not reach agreement. However, the Examiner did agree to consider the AMENDMENT in light of the discussion during the interview. The Examiner was asked to contact application's attorney if any questions arise.

Applicant respectfully requests consideration of this Statement and entry of this Statement in the file for the above-identified application.
